NOTICE

This notice is issued by the Gibraltar Regulatory Authority (the "Authority") under the powers granted to it by section 12 of the Communications Act 2006.

Mobile Infrastructure Sharing

On 24th February 2020, the Authority issued Public Consultation C02/20 on Mobile Infrastructure Sharing. Following a round of consultation, the Authority published a second consultation, C06/20 on 24th August 2020 in which it invited further comments to be submitted by interested stakeholders.

Comments were received from GibFibre Ltd (also trading as GibFibreSpeed), Broadband (Gibraltar) Ltd (trading as u-mee) and Gibtelecom Ltd.

With the advent of Brexit and the recent legislative amendments made to the Communications Act 2006 during the course of this review, the Authority wishes to reassess its position and hereby notifies all parties concerned of the withdrawal of public consultation C02/20 and C06/20.

This Notice shall come into force on 14th April 2021.

Dated this 14th day of April 2021.
