Electronic Communications Committee Decisions

Gibraltar is not member of CEPT (European Conference of Postal and Telecommunications Administrations) and therefore is under no legal obligation to implement any ECC (Electronic Communications Committee) Decisions. None the less, being members of the single market, it is in Gibraltar's interest to follow suit with all ECC Decisions which do not conflict or may cause undue interference to existing radiocommunication services in Gibraltar.

ECC Decisions are reviewed periodically by the GRSMP (Gibraltar Radio Spectrum Management Panel) which is made up of representatives from the emergency services, MoD, OFCOM, Civil Aviation and is chaired by the GRA.

A full list of EEC Decisions can be found [here](#)¹ along with full access to all associated documentation.

The GRA is currently in the process of updating the list of approved or pending decision by the GRSMP, but in the meantime, please feel free to contact us if you would like to know the implementation status in Gibraltar of any particular decision.
