

Application Form

Fixed Point to Point Link Above 1GHz

Notes for applicants

1. Please refer to the Guidelines prior to completing this application form.
2. Part 1 of the application form need only be completed once in respect of each submission.
3. Part 2 of the application form is to be copied as required and completed in respect of each link being applied for.
4. Part 3 - Declaration Form - form need only be completed once in respect of each submission.
5. Your application will be evaluated on the material in the application form together with any supporting information requested by the GRA.
6. Every effort will be made to clear applications quickly so that operations can start at the earliest possible date. To facilitate speed of processing, please ensure that your application is complete and clearly set out (typed). Incomplete applications may be returned requiring resubmission.

PART 1

GENERAL INFORMATION FOR ONE OR MORE LINKS

Contact Details

1. Name of Applicant:

Address:

Phone No:

Fax No:

E-mail:

2. Company Registration No.
(To be given in the case of a Company).

3. Name of contact person
(If the contact person is not the same as the person(s) at 1. above, the applicant must nominate a technical contact who will be in a position to act for the applicant and to furnish information about the application if called upon to do so).

Name

Address:

Phone No:

Fax No:

E-mail:

Application Details

4. Purpose

Please indicate and provide a description (typed) of the purposes(s) for which each radio link is required.

Provision of Electronic Communications Services to 3rd parties.

- Voice Telephony
- Public mobile telephony
- Liberalised electronic communications services

Provision of Broadcasting Services

- Transmission of radio/television programmes
- Retransmission of radio/television programmes
- Services ancillary to broadcasting

Essential Services

- Non-electronic communications utility
- Government / Safety Services

Sale of Capacity

- to providers of liberalised telecommunication services
- to providers of Public Mobile Telephony
- Others (*please specify*)

Private use

- for internal corporate use (*Please give details*)

Others

- Please specify:

Other Purposes. Please outline:

6. Network Structure

(**Note:** This Section does not have to be completed if the application is only for access links in spectrum above 14 GHz (see Section 3.8 of Guidelines).

If a network of radio links is proposed, please outline the extent of the proposed network including:

- its proposed structure;
- capacity contribution/distribution through the network;

Maps and ancillary information can be provided in support of this.

Please indicate if you have taken other radio users at communal sites into account in making your proposal.

7. Links applied for:

Location A	Location B	Proposed Frequency Band	For Official Use Part 2 Attached

PART 2

(To be copied as required and completed in respect of each link being applied for)

SPECIFIC INFORMATION RELATING TO INDIVIDUAL LINKS

1. (Please tick the appropriate box)

New link Replacement link Modification to existing link

Please complete Section 6 if this is either a replacement link or a modification to an existing link.

2. If the radio link(s) is to be used for more than one purpose, please specify the approximate apportionment of capacity:

Purpose	Apportionment of capacity (Mbits/s)

3. **Attached Spreadsheet**

Please copy and complete the attached spreadsheet in Annex 1 as appropriate.

4. **Supporting Information in Respect of Link Planning**

Please attach in respect of each proposed radio link,

- i. Path calculations (link budgets),
- ii. Path profiles,
- iii. Intrasystem interference calculations, if applicable.

Failure to supply this information could delay the processing of your application.

5. **Proposals for Radio Equipment, Antennas and Feeders**
(See Annex 4 -Sections 5, 6 and 7- of the Guidelines)

Where appropriate arrangements have been agreed with the GRA, details may be supplied in the format outlined at 5.3. In all other cases details must be supplied in response to Sections 5.1 and 5.2.

5.1 Transmitters & Receivers:

Please provide details of proposed equipment, including equipment make, type number, type approval certification and specifications (i.e. manufacturer's data sheets), details of the transmitter power range and tuning range of the transmitters,

Please consult with the GRA prior to submission of an application if no type approval certification is available.

5.2 Feeder Equipment and Antennas

If applicable, for cable/waveguide feeder equipment (see **footnote 11** in Annex 3 of the Guidelines) please supply details on the make, type and specifications.

For antennas proposed, please supply details on the make, size, type and Radiation Pattern Envelope (RPE).

5.3 Equipment Reference File (see Annex 4, Section 5 of the Guidelines)

Please indicate equipment to be used and the relevant section(s) in the copy of your equipment reference file previously submitted to the GRA.

6. Replacement or Modification

To be completed if this is a replacement link or a modification to an existing link.

Current link details

Location A	Location B	Frequency band / channel	bandwidth	Capacity (M B s)	Licence Number

PART 3

DECLARATION BY THE APPLICANT

I have read the Guidelines for applicants for point to point radio links in spectrum above 1 GHz.

I agree to comply fully with all the terms and conditions of the licence, if granted, in accordance with the Communications Ordinance 2006 and any regulations made under the Ordinance.

The GRA will endeavour to minimise the potential for interference. I accept that the GRA will not be liable for any interference received from other licensed users and that I will comply with whatever the GRA requests in preventing interference being caused by this radio link(s) to other licensed users of the radio spectrum.

I accept that a licence does not confer any right of ownership of the frequency spectrum. It allows the assigned frequency channel to be used during the term of the licence in accordance with the conditions of the licence.

I certify that all information provided on this form, including all documentation attached, is true and accurate.

Signature of Applicant:
